JAMES J. CONCILLA

It is with great pleasure and our deepest sincerity that we dedicate this yearbook to you.

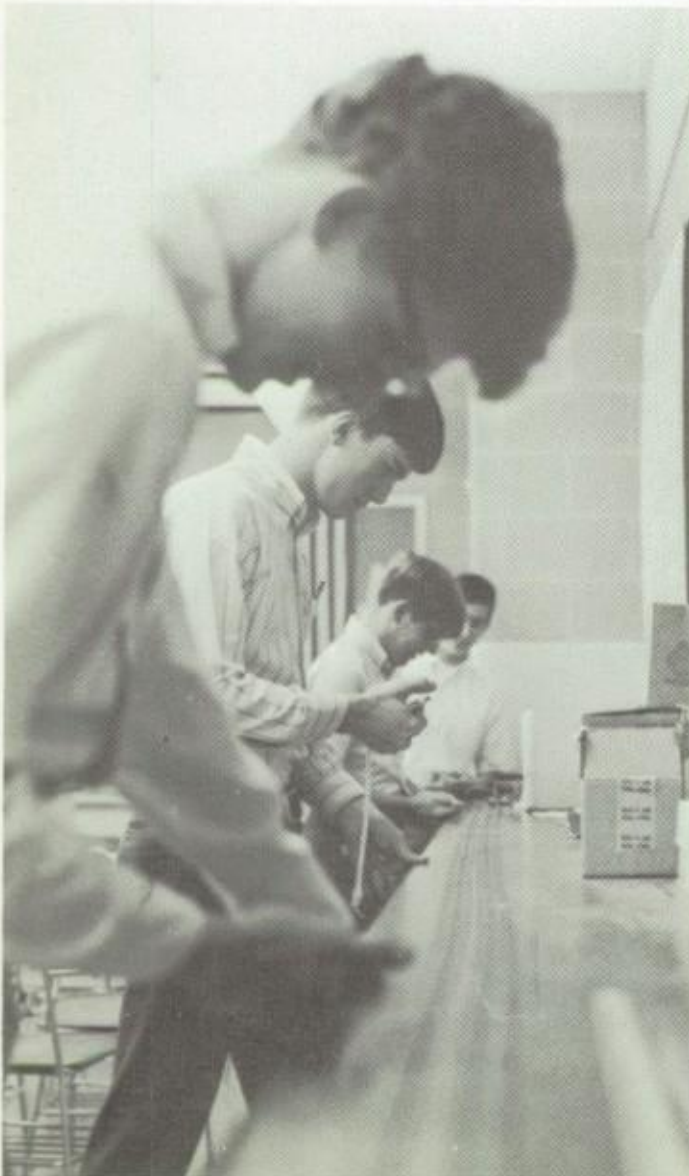

We are indebted to you for having laid the cornerstone for our future development in math, and for having prepared us to cope with the many problems facing us in the years ahead. You have accomplished great things in sports, coaching two championship teams and putting North East back on the football map. You have commanded our respect through your words and deeds, and are affectionately known for such gentle admonitions as "Oh you people . . ." and ". . . careless errors . . ." You are known also for difficult classes alleviated by humor and understanding. More than anything you are regarded as a friend. Mr. Concilla: We the class of '69 dedicate our Aquilo to you.

ADMINISTRATION

GEORGE A. MAINES
West Virginia University, B.S.; M.A.

Supervising principal of the North East School District, Mr. Maines stands as an example of dedication and hard work to all students. He is responsible for the total curriculum development, coordinates the operation of the North East schools, supervises the spending of the budget, is director of school district personnel, and executive to the board of education. He is truly a man for all seasons.

DONALD G. CLAYPOOL

Indiana State University of Pa., B.S.
University of Pittsburgh, M.Ed.

As principal of North East High School, Mr. Claypool is the instructional leader and supervisor of the total high school program. He is the supervisor of the curriculum and of pupil services and is responsible for all school expenditures. He advises the supervising principal and school board as to the needs of the school and effects school changes in the light of changing attitudes and accepted educational policy. The proof of Mr. Claypool's skill in the performance of his duties is the smooth functioning of N.E.H.S.

MR. CHARLES E. SHERRIEB

This page is presented in memory of a man whose talent for teaching will never be forgotten. As children we were afraid of him, but as we grew up we realized what a great man he was. To those of us privileged to know him well, he was always willing to listen and guide, and he was especially glad to give a helping hand to those who expressed a desire to become teachers. Although he is here no longer, we retain the memory of him, and the many things he taught us.

This is the legacy he left behind—
giving us the responsibility for the next
generation of children, that they be raised
in the better world we will make for
them.
